Cet ouvrage est plus qu'un simple dictionnaire de définitions lexicales. Chaque article propose l'analyse d'une notion, d'un concept, d'un courant de littérature, de pensée ou d'art, d'une personnalité. Ces articles sont conçus à partir de la formulation d'un ou de plusieurs problèmes, directement issus des 9 thèmes du programme de culture générale des

classes préparatoires économiques et commerciales. Les auteurs ont construit un réseau de notions, spécifiques à un thème ou transversales, pour éviter les redites et apporter une plus grande cohérence rédactionnelle. Ce Dictionnaire de culture générale ne vise pas l'exhaustivité. Instrument de travail, utile et pratique, il fournit les connaissances de base indispensables pour s'approprier et maîtriser le contenu du vaste programme de culture générale des prépas commerciales. La rédaction des articles prend en compte le public visé par le dictionnaire en adoptant un souci de clarté et de simplicité, sans pour autant renoncer à l'exactitude. Cette approche problématisée est conforme à l'esprit du programme : montrer, par un va et vient entre tradition et modernité, que le monde contemporain n'est compréhensible que par un aller-retour réfléchi entre le passé et le présent. Enfin, un glossaire placé en fin d'ouvrage donne les nécessaires précisions techniques. L'étudiant y trouvera la définition brève d'un terme, le nom d'un philosophe, la référence à une doctrine. Le Dictionnaire sera donc autant utile aux préparateurs de 1^{re} année qu'à ceux de 2^e année qui travaillent sur le thème spécial renouvelé tous les ans. De même, il sera d'une aide précieuse pour tous ceux qui abordent un concours de grande école ou de la fonction publique comportant de la culture générale. Un dictionnaire remarquablement riche et pédagogique pour comprendre le monde actuel à la lumière des penseurs et écrivains d'hier et d'aujourd'hui.
