Non-Muslims will also find this an accessible path to learning about one of the Sahabah, especially one who has been maligned and misrepresented in so many ways. Haylamaz does not shy away from any of the controversy and even addresses the age of Aisha, which his research reveals to be older than that claimed by some of the most extreme scholarly interpretations (as well as by religious critics). While there is certainly no end to authentic hadith and scholarly works about her life, *Aisha: The Wife, the Companion, the Scholar* sets itself apart by bringing the stories about Aisha to contemporary audiences, particularly those with little or no background knowledge of her life and work.--Amanda Quraishi 'Patheos, November 11, 2014 '"
