It cannot consent many times as we advise before. accordingly uncomplicated! So, are you question? Just perform exercises just what we meet the outlay of under as proficiently as review *my heart is my own the life of mary queen of scots by john guy* what you similar to read!.

"Pressestimmen 'Fascinating... A book based on gold-standard research, the kind of thing that puts most popular history writing to shame.' Kathryn Hughes, Mail on Sunday 'Certain to be a bestseller, and deservedly so. Rarely have first-class scholarship and first-class storytelling been so effectively combined.' John Adamson, Daily Telegraph 'An absorbing biography ... meticulously researched... scholarly and intriguing.' Peter Ackroyd, The Times 'A biography that reads as thrillingly as a detective story, and is rich in details and authoritative in its analysis.' Miranda Seymour, Sunday Times Synopsis A long-overdue and dramatic reinterpretation of the life of Mary, Queen of Scots by one of the leading historians at work today. She was crowned Queen of Scotland at nine months of age, and Queen of France at sixteen years; at eighteen she ascended the throne that was her birthright and began ruling one of the most fractious courts in Europe, riven by religious conflict and personal lust for power. She rode out at the head of an army in both victory and defeat; saw her second husband assassinated, and married his murderer. At twenty-five she entered captivity at the hands of her rival queen, from which only death would release her. The life of Mary Stuart is one of unparalleled drama and conflict. From the labyrinthine plots laid by the Scottish lords to wrest power for themselves, to the efforts made by Elizabeth's ministers to invalidate Mary's legitimate claim to the English throne, John Guy returns to the archives to explode the myths and correct the inaccuracies that surround this most fascinating monarch. He also explains a central mystery: why Mary would have consented to marry -- only three months after the death of her second husband, Lord Darnley -- the man who was said to be his killer, the Earl of Bothwell. And, more astonishingly, he solves, through careful re-examination of the Casket Letters, the secret behind Darnley's spectacular assassination at Kirk o'Field. With great pathos, Guy illuminates how the imprisoned Mary's despair led to a reckless plot against Elizabeth -- and thus to her own execution. The portrait that emerges is not of a political pawn or a manipulative siren, but of a shrewd and charismatic young ruler who relished power and, for a time, managed to hold together a fatally unstable country. *MY HEART IS MY OWN* is a compelling work of historical scholarship that offers radical new interpretations of an ancient story.
