You may not be baffled to enjoy every book gatherings **Tentacle And Wing By Sarah Porter** that we will definitely offer. So, once you necessity the books swiftly, you can straight get it. It will undoubtedly blow the time. Appreciation for retrieving **Tentacle And Wing By Sarah Porter**. Potentially you have knowledge that, people have look various times for their favorite books later this **Tentacle And Wing By Sarah Porter**, but end up in detrimental downloads. You may not necessitate more duration to devote to go to the ebook launch as competently as search for them. It wont say yes frequently as we communicate before.

"Pressestimmen Praise for Sarah Porter VASSA IN THE NIGHT \* ?With a deft hand, lovely prose, and an eye for details, Porter reworks the Russian story of Vassilissa the Beautiful, setting it in an industrial Brooklyn where magic seeps into the mundane.... the end result is an ethereal, almost dreamlike fairy tale that generates a magic all its own.' ?Booklist, starred review \* 'In this urban-fantasy take on the Russian folk tale 'Vassilissa the Beautiful,' Porter weaves folk motifs into a beautiful and gripping narrative filled with magic, hope, loss, and triumph.' ?Kirkus Reviews, starred review \* ?Elements of traditional horror blend well with high-concept fantasy in this surprising and engaging tale.... A must-have for YA urban fantasy collections.' ?School Library Journal, starred review LOST VOICES '[A] haunting debut. . . . Porter?s writing is expressive and graceful. . . . a captivatingly different story.' ?Booklist 'A beautifully written and heartbreaking story about a lost soul struggling to forgive the people she loved who wronged her, and ultimately to forgive herself.' ?Jennifer Echols, author of Going Too Far WAKING STORMS 'Sarah Porter?s mermaid world is dazzlingly imagined and richly, hauntingly told. Waking Storms is as enchanting?and dark, and lush, and tragic, and gorgeous?as the mermaids' song.' ?Carolyn Turgeon, author of Mermaid: A Twist on the Classic Tale 'Porter has crafted another winner. . . . Like any good middle novel in a trilogy, Waking Storms leaves plenty of strings untied to keep you hungry for the final installment. But unlike many weaker series, this book also stands up completely on its own two feet (fins?) and is as deep, dark and magical as Lost Voices. A reader could pick it up not having read the previous title and be fine, while fans of the first novel surely will not be disappointed.' ?teenreads.com THE TWICE LOST 'Sara Porter creates a world where the happy-go-lucky mermaid stories mean nothing. . . . [Her] eye-opening take on undersea folklore is enough in itself to make this trilogy the piece of art that it is. Throw in nail-biting suspense, magically-written characters and plot twists that no one sees coming, and you are left with a series that pulls you under its spell and breaks your heart. . . and you?ll devour every minute

of it.' ?teenreads.com 'The Twice Lost offers a moving, action-packed and deeply satisfying ending to Sarah Porter's brilliant Lost Voices trilogy. What a beautiful, intense world of ferocious lost girls who find themselves at last. I loved it.' ?Carolyn Turgeon, author of Mermaid and The Fairest of Them All 'Animal-lovers and sci-fi addicts will be hooked.' ?Booklist 'An inventive, charming tale with a strange mix of science and fantasy.' ?Kirkus Reviews 'Young adult author Porter makes her middle grade debut with a well-written, engaging tale of friendship that is peppered with intrigue. A strong purchase for readers who enjoy mysteries with fantasy elements.' ?SLJ 'An inventive, charming tale with a strange mix of science and fantasy.' ?Kirkus Reviews 'Young adult author Porter makes her middle grade debut with a well-written, engaging tale of friendship that is peppered with intrigue. A strong purchase for readers who enjoy mysteries with fantasy elements.' ?SLJ 'An inventive, charming tale with a strange mix of science and fantasy.' ?Kirkus Reviews 'Animal-lovers and sci-fi addicts will be hooked.' ?Booklist 'An inventive, charming tale with a strange mix of science and fantasy.' ?Kirkus Reviews 'Young adult author Porter makes her middle grade debut with a well-written, engaging tale of friendship that is peppered with intrigue. A strong purchase for readers who enjoy mysteries with fantasy elements.' ?SLJ 'A pleasing combination of energy and introspection, this is a mix that will land with both the thinkers and the doers.'

?Bulletin Über den Autor und weitere Mitwirkende Sarah Porter is the author of the young adult novels Lost Voices, Waking Storms, The Twice Lost, and Vassa in the Night. Tentacle and Wing is her first book for middle grade readers. She is also an artist and a freelance public school teacher. Sarah lives in Brooklyn, New York. [www.sarahporterbooks.com](http://www.sarahporterbooks.com) Keine Kundenrezensionen 5 Sterne (0%) 0% 4 Sterne (0%) 0% 3 Sterne (0%) 0% 2 Sterne (0%) 0% 1 Stern (0%) 0% Die hilfreichsten Kundenrezensionen auf Amazon.com Amazon.com: 4,6 von 5 Sternen 16 Rezensionen Quinnched4,0 von 5 Sternen Interesting with a good message 11. Dezember 2018 - Veröffentlicht auf Amazon.com Verifizierter Kauf Purchased for Tome Reading Bowl. My 9 YO enjoyed the story but it wasn't one of her favorites. Kids that enjoy sci-fi will probably enjoy it. It has a good message that opens up potential for further discussion regarding discrimination.

Lesen Sie weiter Amazon Customer5,0 von 5 Sternen Science and adventure in a super special boarding school! 17. Januar 2018 - Veröffentlicht auf Amazon.com Verifizierter Kauf Great for 10-13, fun for adults too! Our protagonist Ada has special visual abilities, which she hides because adults find them threatening. Soon she is sent away to a beachfront colony for kids who are part animal and have unique special gifts. Some become good friends, others cannot be trusted (shades of Harry Potter). This place is full of mysteries! Plenty of action too, along with some bio-science. Lesen Sie weiter James Prather5,0 von 5 Sternen Content 22. Juli 2019 - Veröffentlicht auf Amazon.com Verifizierter Kauf This is a great book for middle schoolers. While it is a bit on the science fiction side, it also addresses bullying and racism within the context of the chimeras/humans. Lesen Sie weiter Jennifer B.5,0 von 5 Sternen A fun read 20. November 2017 - Veröffentlicht auf Amazon.com Verifizierter Kauf Another creative tale from Sarah Porter. It weaves together colorful, creative characters in a fast-paced narrative. Lesen Sie weiter Kathy Cunningham5,0 von 5 Sternen Extraordinary! 19. September 2017 - Veröffentlicht auf Amazon.com Vine Kundenrezension eines kostenfreien Produkts (Was ist das?) Sarah Porter's TENTACLE & WING is a deeply moving, viscerally super-charged middle grade sci-fi thriller that had me from the first page. The story is set in the near-future, after a genetic mishap has resulted in children being born as chimeras, with both human and animal DNA. Twelve-year-old Ada has always known she's different from other kids. She has amazing eyesight that allows her to see through solid objects, a sort of infrared super-vision that turns heat into colors. Her microbiologist dad has trained her to keep her powers secret, since being identified as not totally human (or a chimera) would get her carted off to an isolated prison designed to keep chimeras (or ?kimes? as they're called) separate from normal humans. But when Ada's secret is discovered, nothing ? not even her father ? can protect her from being torn away from her family and forced to live with others like herself. Are the kimes really contagious to normal humans, or is it just prejudice and hatred that forces them into isolation? And what is really going on in this newly developing world . . . and why? This is a remarkably complex story. At first, it seems to be all about our human inability to accept those who are different from ourselves. Ada is mixed race, and even before she's outed as a kime she's had to deal endlessly with the question, ?What are you?? Before she was identified as a kime, she could always answer that question with, ?I'm a human being.? Now she can't do that. But the normal people's reaction to the kimes isn't quite the same as it is to racial or ethnic differences ? the kimes are assumed to be contagious, they have animal or insect appendages, they have super-developed senses, and many die at birth. And no one is sure how all this started. Was it really an accident in a genetics lab that set off these genetic mutations? Or is something bigger, even metaphysical happening? Porter's characters are

fascinating and surprisingly believable. There's a girl with dragonfly wings who can almost fly, a boy more seal than human who can spend hours under water, and a super attractive boy who seems to be part chameleon (his skin changes with his moods, and it can mimic anything it touches). And all of them seem like real kids, with the same fears and insecurities we all have. The politics of their situation adds additional levels of uncertainty, making it difficult to figure out who the "good guys" and the "bad guys" are. Ada may have kept her secret for years, lying to everyone about what she really saw with her super-human eyes, but the secrets and lies run rampant among the kimes, leaving Ada (and the reader) unsure of whom to trust. TENTACLE & WING is a surprisingly dark tale, delving deep into the depths of human character. Adults and children alike prove capable of both malicious and benevolent. The lust for power is a driving force, motivating even those who seem like good and caring people. These are characters who struggle to do what's right while never being quite sure what "right" is. Ultimately, the novel ends with a satisfying conclusion that ties up at least part of Ada's story while leaving plenty of room for sequels.

We learn a lot more about how the kimes came to be, and what their role might be in the future. I was reminded a lot of Octavia Butler's LILITH'S BROOD series, as well as Margaret Atwood's ORYK AND CRAKE (both are about genetic manipulation and what it might mean for the future of humanity). And both are very adult books, with very adult themes. TENTACLE & WING is for kids, but it's challenging and though provoking on a very mature level. Both of my sons would have loved this book when they were in middle school. I highly recommend it.
