Since amount of matter is measured as an object s mass and a given space is measured as volume the amount of matter in an a given space should

Pearson Prentice Hall and our other respected imprints provide educational materials technologies assessments and related services across the secondary curriculum. NO₂ is a molecule not an ion It is nitrogen dioxide However there is the

polyatomic ion NO₂ called the nitrite ion. Many Christians believe the Bible says the earth is 6 000 years old In reality the Bible says humanity is at least 50 000 years old and science tells us the other creation days are millions of years old. What is materials science and how do materials scientists classify the many materials that surround us in our daily lives This lesson answers.
