Although he wasn't the first electric bluesman, B.B. King is easily the most popular. His swinging, high-voltage guitar style complements his charismatic stage presence and a huge, gospel-fueled voice along with his trademark ES-355 guitar nicknamed Lucille. King's minimalist soloing technique and massive finger vibrato has cemented his place in the annals of guitar history.

B.B. King casually changes his guitar string onstage without stopping the song by Damian Fanelli here's something we picked up from the gang over at guitar player it's a very cool video of the late B.B. King performing how blue can you get at Farm Aid on September 22, 1985

B.B. King by 1967 had refined his singing and guitar style which were always intertwined to a fine point. What was just beginning to emerge during this period was King the showman, the singer with a story to tell his audience, sometimes a sad story, sometimes an angry one,

occasionally even a downright mean one. Another time was called B.B.'s dad, Albert King, has no relation to B.B. What does bind the two Kings together is their ability to create memorable blues guitar solos and their command of the guitar. Playing a right-handed flying V guitar flipped upside down as he was left-handed, King brought a style all his own to the blues genre. Though not necessary, here are chord voicings you can use to sound more like the original if you wish so
