"Synopsis The fifth edition of the Miller European Accounting Guide delivers critical new information on the vastly different accounting systems of European countries. Disparate regulations, customs, and accounting practices throughout Europe present financial professionals with constant challenges. to meet these challenges the European Accounting Guide includes extensive historical background on the legal and economic environments, an examination of the different accounting standards and self-regulatory agencies, and presents sample financial statements. The Guide also covers the changes taking place as a result of European unification, and the implications of the attempts to harmonise accounting and reporting practices. Über den Autor und weitere Mitwirkende By David Alexander and Simon Archer"
