"Synopsis Manga is hot! If you can't wait to start creating the unique comic-style using the most popular Manga software, 'Manga Studio For Dummies' will get you going faster than you can say 'Zap!' 'Pow!' Not long ago, Manga's distinctive drawing style was too exacting for any consumer-priced software to handle. Then along came Manga Studio, and comic artists like Doug Hills, author of 'Manga Studio For Dummies', began creating their comics using the unique tool. Manga Studio lets you manage your artwork just as you would on paper, with pen and pencil tools that work the way you want. 'Manga Studio For Dummies' shows you how to use the software to create and publish comics in Manga style or other comic styles like a pro. You'll find out the secrets to: installing and setting up Manga Studio; understanding the toolbars and palettes; creating a strong storyline; building and using page templates; importing art files; working with layers and rulers; inking your work and adding tones; and, using digital and traditional tools to complement each other. You'll even get a 30-day free trial version of Manga Studio Debut on the bonus CD-ROM, and you can register it at a discounted rate when the trial period ends. The CD-ROM also includes a library of images and short stories you can use to create your own Manga. Grab Manga Studio 'For 'Dummies and start creating today!
