"Pressestimmen 'With a regional focus on Eastern Africa (plus Madagascar), this book provides deeper analysis; attention to history; a focus on the role of Africa's leaders and domestic politics; and a keen sense of China's shifting strategies over time and across different countries. A must-read for anyone hoping to understand the complexities and nuances of China-Africa relations.' Yoon Jung Park, Howard University, USA and Rhodes University, South Africa' Either through bilateral or multilateral relations, China's Africa diplomacy reflects the complexity and intrigue of power dynamics. Based on a regional perspective, this book examines specific China-Africa relations, provides an enriched critical and testable knowledge, and projects the shifting balance within the global power structure. This is an impressive collection which will take the readers beyond fixed challenges and the rhetoric associated with China-Africa relations.'
