On Being Human A Memoir Of Waking Up Living Real And Listening Hard English Edition By Jennifer Pastiloff is available in our novel collection an online access to it is set as public so you can get it immediately.

An inspirational memoir about how Jennifer Pastiloff's years of waitressing taught her to seek out unexpected beauty, how hearing loss taught her to listen fiercely, how being vulnerable allowed her to find love, and how imperfections can lead to a life full of wild happiness. Centered around the touchstone stories Jen tells in her popular workshops, *On Being Human* is the story of how a starved person grew into the exuberant woman she was meant to be all along by battling the demons within and winning. Jen did not intend to become a yoga teacher, but when she was given the opportunity to host her own retreats, she left her thirteen-year waitressing job and said "yes," despite crippling fears of her inexperience and her own potential. After years of feeling depressed, anxious, and hopeless, in a life that seemed to have no escape, she healed her own heart by caring for others. She has learned to fiercely listen despite being nearly deaf, to banish shame attached to a body mass index, and to rebuild a family after the debilitating loss of her father when she was eight. Through her journey, Jen conveys the experience most of us are missing in our lives: being heard and being told, "I got you." Exuberant, triumphantly messy, and brave, *On Being Human* is a celebration of happiness and self-realization over darkness and doubt. Her complicated yet imperfectly perfect life path is an inspiration to live outside the box and to reject the all-too-common belief of "I am not enough." Jen will help readers find, accept, and embrace their own vulnerability, bravery, and humanness.

**The con artist telling you that this isn't a good time you should wait the right time will never exist like so many of the things we think are perfect and in the end turn out to be just ordinary jennifer pastiloff on being human a memoir of waking up living real and listening hard**
