"Dalla quarta di copertina This book investigates the success story of the fast fashion industry?mainly owned by Chinese migrants?in Prato, Italy. It outlines how Prato has become the center of a value chain stretching from suppliers in China and Turkey all the way to buyers in Europe. Despite this, a policy attacking Chinese entrepreneurship has been devised and implemented in Prato. This volume analyzes said policy against the ensuing crisis of Prato?s textile industry. Based on the author?s 15 years of fieldwork in Prato, the book sheds light on the entangled processes of city making and the restructuring processes linked to capital accumulation by tackling issues of governance, territory, migration, division of labor, labor mobility, housing, and human rights. L'autore Antonella Ceccagno is Professor of Chinese Linguistics and East Asian Sociology at the University of Bologna, Italy. For more than ten years she worked as Managing and Research Director of the Center for Immigration Research and Services in Prato, Italy."

Pursuit of flexible labor regimes as a window to explore how chinese investments impact on african munities casualization alternatively termed informalization precarious employment non standard jobs in the academic literature has bee a global problem afflicting even the advanced industrialized world
