Orff schulwerk or simply orff is an approach for teaching music to children

that was developed in the early 1920s by the German composer Carl Orff (1895-1982) and his fellow composer Gunild Keetman. The Orff approach encompasses music and movement and is based on activities that are natural to children: singing, clapping, and dancing. Orff songs and poems can be either traditional to the region.

Music for children is a stimulating source of material for music teaching. The American edition assembles works by all the leading contributors to the Orff movement in three volumes. The techniques of knowing and doing are used to teach music through rhythm, melody, texture, and form.

We invite everyone to join the Facebook Carl Orff Canada discussion group in order to support teachers who are now teaching music from home post level III certification. The post level III certification program, which previously provided endorsement for courses of continued professional development and study in Orff-based pedagogy subsequent to levels I, II, and III, was discontinued in April 2018. The Orff approach is a method of teaching children about music that engages their mind and body through a mixture of singing, dancing, acting, and the use of percussion instruments. For instance, the Orff method often uses instruments like xylophones, metallophones, and glockenspiels. Orff Schulwerk is a way to teach and learn music. It is based on things children like to do: sing, chant, rhyme, clap, dance, and keep a beat on anything near at hand. These instincts are directed into learning music by hearing and making music first, then reading and writing it later. This is the same way we all learned our language.
