Leggi di

più 2 persone l'hanno trovato utileTraduci recensione in Italiano Iris743,0 su 5 stelle Shallow coverage of the events 14 agosto 2018 - Pubblicato su Amazon.comRecensione Vine di un prodotto gratuito( Cos'è? ) This slim graphic novel gives you a very lean version of the events of the Syrian Refugee crisis. I don't know if it can be called a graphic novel at all - it uses

the graphic format but I am unsure if the format adds to, what amounts to, a very shallow narration of events. Considering the unflinching portrayal of the violence, torture and atrocities committed in the Syrian conflict, I assume the book is intended for older teens. However, the complexity of the situation is not really explored in a way I would expect in a book targeted

at this age group. The individual stories are heart wrenching to be sure but they are touched upon in no more than a few pictures per refugee. I think the book really loses out by not

having a central figure that the reader can follow - as in the graphic novel 'Illegal' by Eoin Colfer. In The Unwanted, the stories are lost in the narration of facts and events outlining the escalation of the Syrian conflict and the refugee crisis in Europe. The book also ends up presenting a slightly skewed perspective by focusing only on how Europe has chosen to handle the refugee crisis. There is an implication that rich Europe doesn't want the Muslims. Only one panel refers to the lack of action from other Middle Eastern oil rich countries or the fact that so many refugees in Lebanon - more than a million - are in limbo. Lebanon does not permit establishment of refugee camps and keeps refugees largely segregated from Lebanese population. My point is that the book presents a skewed perspective by selectively pointing at European countries like Hungary and France and hinting that Islamophobia is the main reason that may have caused the borders to close. While those are valid reasons, the author does not mention the clash of cultures when one culture tries to absorb so many from a very different culture. There is no acknowledgement of, what some countries claim, are rising crime rates among the refugee populations that are coming from across Africa and the Middle East. Or that these refugees are being treated terribly by countries in the middle east as well as in Europe. So, sadly, while this book will tug at your heartstrings at the sadness of the refugee crisis and what the Syrian people have had to go through, I think this is not a book that presents the complexity of migrant movement and assimilation. I can see where the author is trying to emphasize the dignity and the desire for peace in every migrant heart but this is not a book that encourages a deeper understanding of the subject.

Leggi di più 9 persone l'hanno trovato utile Traduci recensione in Italiano sanoe.net 5,0 su 5 stelle Spare, plain-spoken and so effective 2 agosto 2018 - Pubblicato su Amazon.com Recensione Vine di un prodotto gratuito (Cos'è?) I hadn't meant to finish ""The Unwanted: Stories of the Syrian Refugees"" by Don Brown just yet. I have a stack of books on the 'to-be-read' pile. I just wanted to take a glimpse at it to see what it was about, but I ended up reading this graphic novel that saddens, frustrates, and informs in ways that even the news can convey. The Syrian refugee issue has been supplanted of late from the front and center placement in the news cycle. This graphic novel is a good reminder that the issue still exists. The reason for the exodus (Syria continues to be unstable) to the desperation to the resentment of people in the countries they've fled to and finally to the cautious hope. The text and illustrations are unflinching in its plainness. It isn't a long, drawn out graphic novel. I think that's what makes it effective. Author Brown doesn't over-linger; he moves it along at a good pace but again, the plain-spoken quality is what helps in engaging and connecting to the reader.

Leggi di più 5 persone l'hanno trovato utile Traduci recensione in Italiano JwP3,0 su 5 stelle A useful overview of the Syrian Refugee Crisis 30 novembre 2018 - Pubblicato su Amazon.com Don Brown has proven he isn't afraid to shy away from the darker realities. He's explored hurricanes, dust bowls, and terrorist attacks. Now he presents the lives of the Syrian refugees. Despite going on for years now, there's something freshly horrifying to realize how much a reality this is for some people still to this day. The book presents a stark reality while also providing enough background to be informative. Though there could be more depth, this is accessible for a wider range of readers. Brown has done his homework and provides a slew of resources as well some information of his own personal journey. Thankfully the worst of the violence is only mentioned or hinted at rather than being drawn, though it does not make any less impact. A decent book that's a bit lighter in content than I would have liked, but does provide a starting point on a topic that many would maybe not prefer to ponder on. There's still hope in the darkest of times, but it makes you think about what you might do in the same situation.

Leggi di più 2 persone l'hanno trovato utile Traduci recensione in Italiano Miss Barbara 5,0 su 5 stelle Heartbreaking account 14 luglio 2018 - Pubblicato su Amazon.com Recensione Vine di un prodotto gratuito (Cos'è?) The Unwanted, written and illustrated by Don Brown, is a heartbreaking account of the plight of the Syrian refugees. In graphic art form the author has related the account of a peoples who can't remain in their homeland yet are unwanted in the countries they flee to. Political and religious affiliations are mentioned only as a backdrop for the exodus. The substance of the book focuses on the journey that must be endured by these exiles migrants as they journey away from the certitude of torture and death into unknown territory. They are exploited at every turn by profiteers who take advantage of their dilemma. They drown, they die of heat and starvation, they are shot crossing borders and when they

reach their destination they're not welcomed. The author does not back off the dilemma facing the terminus countries when they have thousands of refugees now needing health care, housing, food, clothing and education. Costs grow along with resentment. It's a real predicament and problem that's presented in a straight forward manner in terms that can be understood by young students and adults alike. This is an eye-opening book for all.
