

Rezenion The best textbook and online package for mergers, acquisitions and other restructuring activities, revised and expanded for post-2015 events Buchrückseite The 9th edition of Mergers, Acquisitions, and Other Restructuring Activities is the most current, comprehensive, and cutting-edge text on M&A and corporate restructuring available. It is current in that it includes many of the most up-to-date and notable deals and precedent setting judicial decisions, as well as new regulations, trends, and tactics employed in M&As. More than 90% of the case studies are new for this edition, involving deals either announced or completed during the last several years. It is comprehensive in that nearly all aspects of M&As and corporate restructuring are explored from business plan development to target selection and valuation to negotiation and postmerger integration. It is cutting edge in that conclusions and insights are anchored by the most recent academic research, with references to more than 160 empirical studies published in leading peer-reviewed journals just since the release of the last edition in 2015.
