An effective school operationalizes its mission by integrating academic press as part

of building a positive culture school culture is an important part of the work that educators need to do if students are going to achieve at high levels as has been noted before teachers matter and what they do matters most. The term school culture generally refers to the beliefs perceptions relationships attitudes and written and unwritten rules that shape and influence every aspect of how a school functions but the term also encompasses more concrete issues such as the physical and emotional safety of students the orderliness of classrooms and public spaces or the degree. According to robert marzano this part of a school s culture has to do with professionalism and collegiality whether teachers believe and act as if they can achieve positive outcomes for students and whether they support each other working collaboratively to achieve common goals
