"Pressestimmen "[Wong] spins a volume whose pages simultaneously shock and satisfy. . . . Dear Girls is not so much a real-talk handbook as it is a myth-puncturing manifesto.?"Vogue "[A] refreshing, hilarious, and honest account of making a career in a male-dominated field, dating, being a mom, growing up, and so much more? Yes, this book is addressed to Wong?s daughters, but every reader will find nuggets of wisdom and inspiration and, most important, something to laugh at.?"Bustle "Absurdly funny.?"Parade "Dear Girls can be crude and flippant, LOL-dense and breezy?so breezy, in fact, you will be desensitized to the grossest of Wong?s gross-outs by chapter one, at which point you have already learned how to hold in a fart during yoga. But as with her stage comedy, she is also sneakily thoughtful about the public roles she occupies?Asian American, working mom, woman on comedy stages?and the come-from-behind grind they necessarily demand.?"The Washington Post "It should come as no surprise that Ali Wong, who made us cry from laughter in her raunchy and relatable Netflix special, is as adept a writer as she is a comedian.?"Refinery29 "By now, you know that Ali Wong doesn?t have a filter?and thank goodness for that. She brings the same level of candid heart and humor that you love from her comedy to her new book, covering everything from growing up in San Francisco to finding comedy to having kids. Dear Girls is a ridiculously funny and enlightening collection of letters to her daughters, but it may be just the thing that you need to hear, too.?"HelloGiggles "A collection of letters to her baby girls that are barn-burning reflections on being a working mom, marriage, sex, and more. If you?ve ever wanted to have Ali Wong?s signature voice in your head for 200+ pages, now?s your chance.?"Glamour "Yes, we fell in love with Ali Wong when we watched

her Netflix stand-up specials. Yes, we fell in love with her all over again when we watched her in *Always Be My Maybe* this summer. This fall, her world domination is complete with the release of her essay collection, *Dear Girls*. In it, you'll find hilarious essays written as letters to her two daughters, that are filled with insight and smart observations about motherhood, womanhood, and life in general. (And yes, you're going to fall in love with her all over again. Again.)??PopSugar Über den Autor und weitere Mitwirkende Ali Wong is a stand-up comedian, writer, and actress. She has released two hit Netflix comedy specials?Baby Cobra and Hard Knock Wife?and will star in the Netflix original film *Always Be My Maybe*.
