Part of her fascination, too, is the mystery of her private lives and loves: "I want to be alone," she insisted, but she remains the world's divine woman. "The Movie Icon" series: People talk about Hollywood glamour, about studios that had more stars than there are in heaven, about actors who weren't actors but were icons. Other people talk about these things, TASCHEN shows you. "Movie Icons" is a series of photo books that feature the most famous personalities in the history of cinema. These 192-page books are visual biographies of the stars. These images are accompanied by concise introductory essays by leading film writers; each book also includes a chronology, a filmography, and a bibliography, and is peppered with apposite quotes from the movies and from life. All the icons in the first 20 books of the series were voted for by over 7500 TASCHEN
