A drumstick is a type of percussion mallet used particularly for playing snare drum drum kit and some other percussion instruments and particularly for playing unpitched percussion. This is the most comprehensive discussion of drumming techniques regarding stick grips and hand and arm movements Jim Chapin himself a student of Sanford Moeller demonstrates the Moeller techniques and clarifies several points that previously have been difficult to understand. A snare drum or side drum is a percussion instrument that produces a sharp staccato sound when the head is struck with a drum stick due to the use of a series of stiff wires held under tension against the lower skin. Woody Herman s contributions to jazz are more difficult to quantify than many other musicians because of the breadth and scope of his long career.
