? Tim Labron has written a highly provocative book on Wittgenstein and Theology He argues that Wittgenstein?s view on faith and Wittgenstein s philosophy moves away from the prevalent Western tradition of philosophy towards Jewish thought and finally Christian thought Whereas Western philosophy and theology largely follow the Platonic and Cartesian paths Wittgenstein. Wittgenstein has had a great influence on contemporary theology from Stanley Hauerwas to Herbert McCabe?and it seems to me to be a wholly beneficial influence While most understandings of Wittgenstein emphasise the ?Sturm und Drang? of his life I think there is also an under appreciated current

These are the revised and expanded Stanton Lectures in philosophy of religion for 2014. Stephen Mulhall in effect offers an important philosophically and in some sense theologically guided research project in religion theology hermeneutics and related fields inviting much elaboration. Despite the increasing awareness and use of Wittgenstein's philosophy within theological circles the puzzle persists. Does his philosophy really fit with theology? It is helpful to show that Wittgenstein has no agenda towards atheism or religious belief in order to move ahead and properly discuss his philosophy as it stands. A good read but still have some complaints. Section headings within the chapters would really ease the digestion of the material. Some chapters are really boring and read more like an introduction to philosophy rather than philosophy for understanding theology.
