The I-Ching is a divination system that is used for life's big problems. It demands that you think about your answers and arrive at your own conclusions. It's not a divination system to tell you who you're going to marry, how many children you'll have, or life's little questions. It does not give you "yes" or "no" answers. This booklet tells you how to use the sticks, coins, and wands. It DOES NOT tell you the full meanings of the Hexagrams. I give you short clues as there are numerous books out there for studying the Hexagram meanings. The one question (statement) I've heard the most is that people don't understand how to use the Yarrow Sticks, Coins, or Wands; Yarrow Sticks being the most recommended method. This tutorial will take you through a step-by-step, simple explanation to show you how. The first thing you need to know is that using the Yarrow Sticks is designed to make you sit quietly and contemplate your question. You WILL get the best answers when you use the Yarrow Sticks.
