Retour forcé sur le devant de la scène pour Arrouan le Nomad...Formé par les services secrets américains, Arrouan a le pouvoir de pénétrer dans la mémoire des ordinateurs. Un talent précieux, qui l'a forcé à fuir les convoitises internationales et mal intentionnées... Malheureusement, le désert où il s'est réfugié n'est pas une cachette suffisamment isolée...Il vit sur le territoire de ses frères touaregs avec sa compagne Kalash (en réalité, Sakiko dans le corps de Kalash...), qui attend un enfant de lui. Il espère pour eux sérénité et rédemption. Mais un beau jour, de retour à sa tente, Arrouan découvre que Kalash a été enlevée. Il n'a plus désormais qu'une seule idée en tête : retrouver sa femme, au bout du monde s'il le faut... Dans ce nouveau cycle, le Nomad voyagera à nouveau dans des mondes virtuels, mais aussi dans des pays où l'on ne voit habituellement pas beaucoup de science-fiction...

Mass Effect Andromeda for PC is an action adventure game in which the player takes control of a third person figure ? either male or female depending on their gender choices in the setting up and introduction phase About the Game The premise of the game is that a mission was sent out into deep space
